IN THE CLAIMS:

All the claims for which reconsideration is requested are provided below for the Examiner's convenience.

1. (Original) A method of merging two or more sub-folders into one sub-folder in a bookmark folder comprising the steps of:

using a keyword or a phrase to search Web pages bookmarked in the two or more sub-folders;

creating a sub-folder into which all Web pages searched that contain the keyword or phrase are to be stored; and

storing bookmarks to all the Web pages that contain the keyword or phrase into the created sub-folder.
2. (Original) The method of Claim 1 wherein the keyword or phrase used is used to name the created sub-folder.
3. (Original) The method of Claim 2 wherein only bookmarks to Web pages searched that do not contain the keyword or phrase used are stored in the created sub-folder.
4. (Original) The method of Claim 1 wherein Web pages bookmarked in the entire bookmark folder are searched using the keyword or phrase.

5. (Original) The method of Claim 4 wherein the keyword or phrase used is used to name the created sub-folder.
6. (Original) The method of Claim 5 wherein only bookmarks to Web pages searched that do not contain the keyword or phrase used are stored in the created sub-folder.
7. (Original) A computer program product on a computer readable medium for merging two or more sub-folders into one sub-folder in a bookmark folder comprising:

code means for using a keyword or a phrase to search Web pages bookmarked in the two or more sub-folders;

code means for creating a sub-folder into which all Web pages searched that contain the keyword or phrase are to be stored; and

code means for storing bookmarks to all the Web pages that contain the keyword or phrase into the created sub-folder.
8. (Original) The computer program product of Claim 7 wherein the keyword or phrase used is used to name the created sub-folder.
9. (Original) The computer program product of Claim 8 wherein only bookmarks to Web pages searched that do

not contain the keyword or phrase used are stored in the created sub-folder.

10. (Original) The computer program product of Claim 7 wherein Web pages bookmarked in the entire bookmark folder are searched using the keyword or phrase.
11. (Original) The computer program product of Claim 10 wherein the keyword or phrase used is used to name the created sub-folder.
12. (Original) The computer program product of Claim 11 wherein only bookmarks to Web pages searched that do not contain the keyword or phrase used are stored in the created sub-folder.
13. (Original) An apparatus for merging two or more sub-folders into one sub-folder in a bookmark folder comprising:

means for using a keyword or a phrase to search Web pages bookmarked in the two or more sub-folders;

means for creating a sub-folder into which all Web pages searched that contain the keyword or phrase are to be stored; and

means for storing bookmarks to all the Web pages that contain the keyword or phrase into the created sub-folder.
